Contents

NUMBER 1, JANUARY 1983

1 Editorial

3 *P. J. van Mullen & M. Wijnbergen-Buigen van Weelderen:* The pulpal effects of medicaments containing formaldehyde following pulpotomy in monkeys

11 *S. Heide & I. A. Mjör:* Pulp reactions to experimental exposures in young permanent monkey teeth

20 *Sylvia D. Meryon, A. J Smith, Rosalind S. Tobias & R. M. Browne:* Fluroide as the possible cytotoxic component of Silicap. 1. Fluoride release

26 *Sylvia D. Meryon & P. G. Stephens:* Fluoride as the possible cytotoxic component of Silicap. 2. Effect on cellular enzymes in different cell types

33 *R. T. Walker & J. C. Glyn Jones:* The palato-gingival groove and pulpitis: a case report

35 Book reviews

36 New materials

37 Endodontic references

41 Abstracts

47 Notices of societies

48 International Endodontic News

NUMBER 2, APRIL 1983

51 *Eva M. Beyer-Olsen, D. Ørstavik & H. M. Eriksen:* Radiographic voids and leakage along root fillings *in vitro*

59 *D. Ørstavik, H. M. Eriksen & Eva M. Beyer-Olsen:* Adhesive properties and leakage of root canal sealers *in vitro*

64 *P. M. H. Dummer & D. Miles:* An X-ray machine for use in preclinical laboratories

68 *F. J. H. Klevant & C. O. Eggink:* The effect of canal preparation on periapical disease

76 *M. Wijnbergen-Buijen van Weelderen & P. J. van Mullem:* The effectiveness of two disinfectants and their action on the exposed pulp

82 *W. L. Dawes & I. E. Barnes:* The surgical treatment of fenestrated buccal roots of an upper molar – a case report

87 Book reviews

91 Endodontic references

93 Abstracts

97 Notices of societies

98 International Endodontic News

NUMBER 3, JULY 1983

99 *D. Ørstavik:* Physical properties of root canal sealers: measurement of flow, working time, and compressive strength

108 *A. J. M. Plasschaert:* The treatment of vital pulps. 1. Diagnosis and aetiology

115 *A. J. M. Plasschaert:* The treatment of vital pulps. 2. Treatment to maintain pulp vitality

121 *P. C. Foreman:* Ultraviolet light as an aid to endodontic diagnosis

127 *P. C. Foreman:* The quenching of ultraviolet fluorescence in human dentine following the use of dental materials containing eugenol

130 *P. N. Hirschmann & R. T. Walker:* Facial emphysema during endodontic treatment – two case reports

133 Book reviews

136 Endodontic references

139 Abstracts

144 Notices of societies

146 International Endodontic News

NUMBER 4, OCTOBER 1983

147 *R. M. Browne, R. S. Tobias, I. K. Crombie & C. G. Plant:* Bacterial microleakage and pulpal inflammation in experimental cavities

156 *D. M. Martin:* The management of root resorption in replanted and transplated teeth

167 *D. Ørstavik, P. Brodin & E. Aas:* Paraesthesia following endodontic treatment: survey of the literature and report of a case

173 *J. E. Reuter:* The isolation of teeth and the protection of the patient during endodontic treatment

182 *J. L. Lui:* Coronal displacement of an apical gutta-percha cone sealed with AH26 – a case report

185 *British Endodontic Society:* The practice of endodontics by different groups of dentists in England

192 *British Endodontic Society:* Guidelines for root canal treatment

196 Book reviews

200 Endodontic references

203 Abstracts

209 Notices of societies

211 International Endodontic News

212 Author and Subject Index to Volume 16
